INSTRUCTIONS

1 On the paper there are two pencil lines. Cut on the lines – if you are struggling ask an adult to help you.

2 You can keep the folded pieces together and cut both at once, but keep the folded edges the same side.

3 Next, open them up and you will have two hearts from the middle, and two hearts (pink) or two leaves (green) with space in the middle.

4 Carefully glue the edge of these two open hearts/leaves (on the pencil side) and place the film over one side covering the hole – ask if you need help from an adult.

5 Cut off the excess film that is outside the shape.

6 Fold the string you have in half and stick the two loose ends in the top dip of the heart or stalk of the leaf.

7 Put a dab of glue on top of the string or ribbon and place the glued side to the film side of the cut out.

8

Cut off the excess film that is outside the shape.

9

Hang in a window and as it turns the sun will make it sparkle.

THINK SPOT

Don't be selfish; don't try to impress others. Be humble, thinking of others as better than yourselves. Don't look out only for your own interests, but take an interest in others, too. (Philippians 2:3-4)
